Acesse o base principal do servidor.

- 1 – Clique em “Manut”
- 2 – Clique em “Demitidos”
- 3 – Localize o usuário a ser excluído e marque.
- 4 – Clique em “Delete Person”

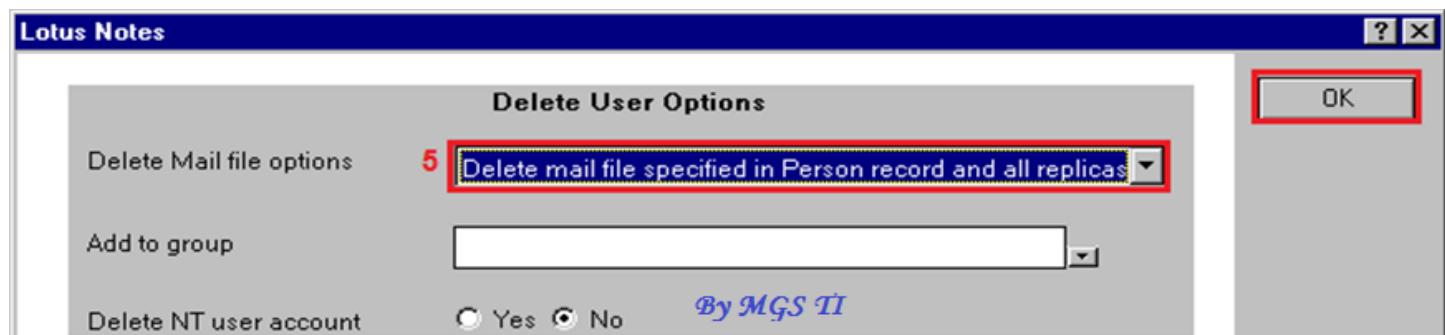

The screenshot shows the Domino Directory interface. On the left, there's a navigation tree with items like People, Groups, Configuration, Admin, Check Password, Company ID, ErroCargaCademail, Grupos criados automaticamente, Lista Telefônica, and Manut (which is expanded, showing Demitidos and Genericos). The 'Demitidos' folder is highlighted with a red box labeled '2'. At the top right, there are two buttons: 'Edit Person' and 'Delete Person', with 'Delete Person' highlighted by a red box labeled '4'. Below these buttons is a search bar with the placeholder 'Search for By MGS TI'. The main pane displays a table with columns 'Bloqueado em' and 'Nome'. The data shows several entries, with the first one ('06/02/2008 Michell de Oliveira') being checked.

Bloqueado em	Nome
06/02/2008	Michell de Oliveira
09/25/2009	Jorge
09/29/2009	Jose
09/28/2009	Mariana
09/24/2009	Rodolfo

Clique em “YES”

- 5 – Selecione a opção “Delete mail file specified in Person record and all replicas” e clique em Ok
